- 7) INFORMATION ONLY ITEMS:
 - a) Traffic Advisory Committee, Kenton Jones, DPW

Jones talked about how the traffic committee considers traffic regulations in relationship to the loss of freedom for the individual driver. Also has litigation group which is confidential. Frey expressed our concerns about the intersection of Mountain Meadow Road and Hidden Meadows Road. Frey said we have received notice that the CHP recommendation was to increase the speed limits on Mountain Meadow Road because they could not radar enforce the existing speed limits, and that our Sponsor Group had recommended no change in the speed limit, and that the radar signs be removed. The Sponsor Group recommendation was accommodated. Frey said that we were promised a retest of the intersection and it has not been provided. Coultas said that the intersection of Mountain Meadow Rd and Hidden Meadows Rd is dangerously confusing. Alder requested clarification of authority to synchronize the lights at Mountain Meadow Rd and Hwy 15. Jones said that the County deferred to the state in such matters. “No Outlet” signs and fire evacuation were discussed. The Sponsor Group decided to ask Kenton Jones to seek the creator of the Emergency Response Plan for Hidden Meadows to determine if it is appropriate to our needs. Mr. Jones was also asked to initiate the request for an extra large “No Outlet” sign for the beginning of Mountain Meadow Road and to see if a second study of the Mountain Meadow Rd/Hidden Meadows Rd intersection was completed.

Coultas explained that the Horse Trail park is going into escrow and responsibility for park construction and maintenance have transferred to the new owners, the Hidden Meadows Community Foundation, Inc. He also reported a new emphasis on finding a location for a Pocket Park somewhere within the Valley Center Parks Maintenance District. The Sponsor Group recognized the good deeds of Coultas in procuring the park property for the community and of Jon Fredrichs at Welk for their generous donation.
